What is the Point Walking?

Walkers pay a visit to the best beautiful walking routes. Especially, walkers could see, hear, and feel Mother Nature while walking the most beautiful routes along the 2018 PyeongChang Winter Olympic Games venues with professional docents or park rangers. Walking in self-reflection, walkers may become free from all kinds of pressures/stresses and feel healed. Walkers can walk one of two walking routes, 10km and 20km. Walkers should walk with professional docents or park rangers.
